

FR ST

TUTORING

Monday – Thursday from 4pm to 6pm, and 7pm to 9pm

How It Works

Call 602-449-2395

An IT department employee answers the phone and selects a tutor

Start the Session

The student is transferred to a conference room with a tutor.

Work with the assigned NHS tutor

Shared tools are used to aid and enhance understanding of the concept.

Review and reference the learning

Tutoring session results are emailed to student

Pearson SuccessNet

SuccessNet is available to all PV students enrolled in Algebra 1-2, Geometry, or Algebra 3-4. SuccessNet gives students access to digital textbooks, educational videos and supplemental exercises. The interactive digital path and virtual nerd video tutorials are especially helpful to struggling students or those needing a refresher.

Go to: pearsonsuccessnet.com

Log in using the students pvlerners e-mail address and district other password.

connectED

ConnectED is available to all PV students kindergarten through 8th grade. ConnectED gives students access to digital textbooks as well as ehlp with video tutors and lesson animations. Students love FACT Dash – a fast paced game of Math fluency that can be found in the site!

Go to: learn.pvschools.net

Log in using the students pv username and district other password. After logging in, scroll down and click on the ConnectED button.

Khan Academy is a non-profit educational organization that offers practices exercises, instructional videos, and a personalized learning dashboard that allows learners to study at their own pace. They offer math, science, history, economics and much more. Students or parents can search the site for help with a specific topic or follow the path of one of many pre set grade levels.

Get started by going to:
