Student/Parent Information Night 2022

Please join us to learn about an exciting opportunity for High School students. Now in its second year, Project SEARCH is available for students in the Paradise Valley Unified School District. Project SEARCH is an evidence-based nine-month **unpaid internship** program for students with intellectual and/or developmental cognitive disabilities, ages 18-22, in their last year of high school eligibility. The goal of Project SEARCH is integrated, competitive employment for each intern within the community that matches their interests and abilities. Interns will train in a unique transition-to-work internship program based at **Mayo Clinic in North Phoenix**. Students participating in the 2022/2023 calendar year agree to exit high school upon completion in May 2023.

When: January 24, 2021

Time: 6:00pm-7:30pm

Where: PVUSD District Office

15002 N 32nd St, Phoenix, AZ 85032
